## Summary

Dedicated Junior Web Developer with an educational background in Computer Science. Seeking opportunity to apply my knowledge and skills in a professional environment, contribute to web development projects, and continue learning and growing as a developer.

## Work Experience

### Junior Developer, Datastep Hungary Kft., Budapest, Hungary

August 2022 - May 2023

- Developed and implemented user-friendly web-based applications for a variety of clients.
- Designed and maintained multiple websites using HTML, CSS, and JavaScript frameworks such as Angular and Vue.js.
- Optimized existing applications for better performance and usability.
- Created technical documentation for web development projects.

### IT Support, cargo-partner Kft., Budapest, Hungary

November 2020 - August 2022

- Provided technical support and troubleshooting assistance to over 150 end-users with a wide range of hardware and software.
- Installed, configured, and maintained all desktop computers, laptops, and peripherals in accordance with company policies.
- Responded to IT support requests and provided technical support over the phone and remotely.

### Front End Web Developer, butopea.com (Internship), Budapest, Hungary

June 2019 - September 2019

- Created custom UI components and implemented layouts using HTML5, CSS3, and JavaScript.
- Investigated and resolved technical issues related to front-end development.
